

SOLID CARBIDE CUTTER

Z4

The 4-Flute Solid Carbide Cutter Z4 is engineered for **Usibor, Boron, BTR, ultra-high-strength, and mega-high-strength steels**. Ideal for removing weld spots and machining the toughest automotive materials with speed, accuracy, and reliability.

**HIGH-STRENGTH
PERFORMANCE**

- 
CLEAN & EFFICIENT *Produces controllable chips instead of fine dust, keeping your workspace clean and safe.*
- 
FASTER & QUIETER *Allows for significantly faster drilling and a noticeably quieter operation, improving both efficiency and comfort in the workshop.*
- 
RELIABLE & REPEATABLE *The stable, precision-engineered design ensures consistent, repeatable results with high process reliability and concentric accuracy.*
- 
EXCEPTIONAL QUALITY *Every cut delivers round, precise, and uniform holes, creating the perfect foundation for subsequent work steps.*
- 
USER-FRIENDLY *Smooth operation, reduced effort, and professional quality finishes. Once you've used it, you'll never want to go back!*
